# Are you well prepared for emergencies?

Natural disasters like earthquakes don't only affect other people.

Being prepared with the proper supplies will minimize the impact of the disaster.

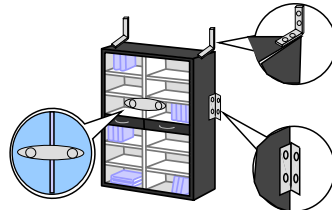

What's the safety level of your home?

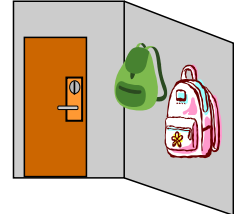

## Are you prepared for emergencies?

Three-day stock of food and 3 liters of water per day are recommended for an adult.

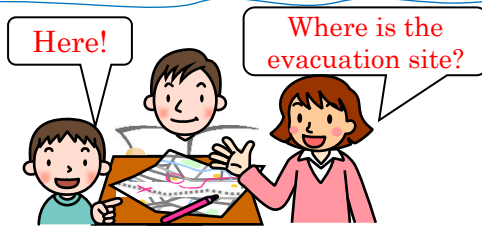

Is the furniture secured to the wall to prevent it from falling?

Keep your bug-out bag ready.

## Did you decide on an evacuation site and how to contact each other?

Decide on an emergency contact number with your family, and check the evacuation site and route in advance in case of emergency.
